SOUTH KANARA DISTRICT

Mangalore Taluk has the population of 490,566 and Mangalore City has the population of 165,174. Mangalore Taluk has four Assembly Constituencies. While making delimitation, it is desirable for better functioning of the elected representatives that the constituency as far as possible shall be constituted from among the area within the taluk so that it will be convenient to attend to the problems of the voters in the same Taluk Headquarters. Because of an addition of a constituency namely Vittal constituency, the Bantwal constituency had to be newly formed by an additional firka from another taluk. Moodabidri Firka of Karkala Taluk at present is joined with Mulky firka of Mangalore Taluk. Moodabidri Firka is also contiguous with Bantwal firka and hence these two firkas can be clubbed to form Bantwal Constituency. Further even now the jurisdiction of Karkala Munsiff Court spreads to few of the villages of Bantwal firka.

The present Moodabidri Constituency could be reconstituted by clubbing Mulky Firka of Mangalore Taluk with some portion of Surathkal Firka to form a compact block and could be renamed as 151 Mulky Constituency. The present Surathkal Constituency could be reformed by clubbing Gurpur Firka (which is the part of Surathkal Constituency at present) with portions of Surathkal Firka and portions of Mangalore A and B firkas to form a compact block and could be named as 144 Gurpur constituency in place of the present Surathkal Constituency.

The above named are not new to the said constituencies, since the said names existed before 1961. Gurpur Firka has Arkula and Adyar villages, and hence the contiguous villages, viz., Kanpur, Pavoar and Boliyar are added to it.

Four of the following constituencies will be in Mangalore Taluk itself while due to the addition of Vittal Constituency, Bantwal Constituency loses Panamangalur Firka and hence Moodabidri Firka is added. The constituencies proposed herein below is contiguous, homogenous and convenient to the people.
